ARROW® MATERIAL HANDLING PRODUCTS

TREE & POST PULLER

now available through

Arrow Material Handling Products

The Sidney Attachments' Tree & Post Puller offers a more efficient and safer way to remove posts, trees and other materials than traditional chains or digging. The Tree & Post Puller can remove unwanted brush or trees by the roots to prevent re-growth.

FEATURES

- Designed to grip up to a 10-inch diameter tree or post
- Grips small diameter saplings
- Reinforced to withstand rigorous use
- Serrated power jaw mates seamlessly
- Universal quick attach coupler for skid steers
- Custom couplers available to fit other machinery
- Hydraulic cylinder is rated for 3,000 PSI

SPECIFICATIONS
