

ARROW AUGER STUMP PLANERS

For Skid Steer Loaders, Excavators, Backhoes

Blades make a clean, horizontal cut.

Wood shavings form a neat and tidy pile.

Easily Attach to Arrow Auger Drives

Available in both
10" and 14" diameters

Quieter Than Traditional Stump Grinding

Arrow's inexpensive alternative for stump removal saves you time and money by turning ground preparation into a quick and easy process.

Any size tree stump can be removed with little effort or noise and clean up time is decreased significantly.

Easy Cleanup

The blades rotate and wood shavings form a neat and tidy pile and pull the planer deeper.

Simply reposition the planer to overlap the first hole and repeat the process until the entire stump is removed.
