

SIDE SHIFTER

STANDARD & CUSTOM SIZES AVAILABLE

Side shifters provide additional maneuverability when positioning the loads in awkward spaces. Our ITA Side Shifter increases productivity while remaining efficient by reducing time and labor costs. By minimizing any loss at the load center due to the weight of the attachment, the forklift can maintain its available capacity while increasing operator efficiency. Many of the attachment's most wear-prone components are replaceable which significantly increases the lifespan.

PART #	CLASS	SIZE	WEIGHT
SS - 37 - 2	II	37 in	130 lb
SS - 40 - 2	II	40 in	136 lb
SS - 43 - 2	II	43 in	143 lb
SS - 40 - 2	III	40 in	172 lb
SS - 43 - 2	III	43 in	180 lb
SS - 49 - 2	III	49 in	196 lb

SPREADER BEAMS

Arrow's Forklift Spreader Beam is a quick and easy solution for safely lifting long or unbalanced loads. Our Spreader Beams are available in both fixed-length or adjustable styles, and offer multiple attachment styles. Made-to-order custom sizes are also available.

FORK SPREADER

Arrow's Fork Spreaders provide wide load capability to your existing fork device, and come in a variety of designs and custom sizes. Select from fixed and adjustable carriage mount types and full-length fork pockets or "stirrup" type entry points.

TRAILER SPOTTER & LIFT BARS

Trailer Spotters make it easy to tow or maneuver trailers and are available in multiple variations. Standard-Duty Trailer Spotters are great for general purpose towing and maneuvering. Heavy-Duty Trailer Spotters are great for larger trailers and are available in both standard and narrow widths for tighter turning. Spotters can also be outfitted with a swivel hook and clevis for use as a mini boom.

Towing Made Easy and Safe

Tow and maneuver trailers with just your forks. The Arrow Trailer Spotter is the ideal alternative to drilling holes in your forks, ensuring safe and OSHA-compliant towing.

Flexible Variations

Multiple variations are available for different load capacities and tighter spaces.

Make It a Boom

Outfit select spotters with an optional swivel hook and clevis for use as a mini boom.

PART #	DESCRIPTION	SPOTTER SIZE			ACCEPTS FORK SIZE
